## **California Prop 65 Statement**

To whom it may concern,

As of this date we are not in compliance with California's Prop 65 as we currently understand it.

The metals that make us non-compliant are;

- **Cobalt**
- **Hexavalent Chromate**

Both the above are used in the post chromating and passivating processes

### **Current Chromates Functions**

Blue Chromate - 12+ hours salt spray

Yellow Hexavalent Chromate- 96 hours salt spray

It is our intention to be compliant by months end, baring no further issues

### **New Passivate's**

New passivate blue CF (Cobalt Free) - 12 to 48 hours salt spray

New passivate yellow CF (Cobalt Free) - 96 hours salt spray

We advise seeking legal seeking legal counsel to the internal compliance of your company's status on California Prop 65 and refer to the following link;
